Tom and Kathy,

I would like to have a face-to-face meeting between EPA, DEQ, and OGCC earlier in the day prior to the workgroup meeting scheduled for July 24th to have a conversation with you guys about EPA's path forward in regard to the workgroup's report and conclusions. Would you be able to meet at 11 on the 24th? If not, I could come to Casper the night before in order to meet earlier in the morning on the 24th.

Thanks,

Rob Parker
